

1 Cut along the dotted lines in a single cut all the way around the bag.

2 Pull away the top of the bag and discard the leftover plastic.

3 Remove the required amount of feed from the bag and place in the feed bowl.

## OPENING & STORAGE GUIDE:

4 Roll the top of the bag down and store in a cool dark place.

5 Continue working down the bag removing the required feed amount.

6 Once further down the bag, for ease of removing feed, repeat step 1 and 2.

7 Roll the top of the bag down and store in a cool dark place.

## RECYCLING

- The bags are recyclable as recycling Grade 7 – Miscellaneous.
- This plastic material is recyclable through the Plasback Recycling Scheme.
- Please keep all Fiber Fresh packaging in a separate Plasback recycling liner.
- If you have further questions regarding this recycling service please contact Plasback on 0508 338 240.
